

# VERTICAL STAMP MIX

## SINGLE COMPONENT CEMENTICIOUS OVERLAY

**VERTICAL STAMP MIX IS A READY TO USE, ONE COMPONENT OVERLAY SYSTEM THAT BONDS TO ALL CLEAN CONCRETE SURFACES TO PRODUCE A ROCK HARD WEATHER PROOF SURFACE. IT CAN BE TROWELED OR STAMPED AND SEALED FOR A BEAUTIFUL, LONG LIFE FLOOR.**

### PRODUCT HIGHLIGHTS

- One component mix. No extra additives. Just add water, mix and apply. Saves time and money.
- Ease of application. When applied with the Hopper Spray Gun, the application is fast and easy.
- Resurfaces old and worn concrete, restoring a like new appearance that lasts for years.
- Rock hard surface: Vertical Stamp Mix sets to a superior, rock hard surface that resists water penetration and re-wetting. This means beauty that lasts.
- Stains fast and easy: Although the surface is rock hard, it will take acid stains or water based stains with equal ease.
- Properly sealed this is a low maintenance surface that is easy to keep clean.
- Interior surfaces coated with EZ GLO™ acrylic polish over the initial seal coat can be maintained for years and never need resealing.
- Packaged in 40lb bags

### USES

Vertical Stamp Mix is used to restore and beautify commercial and residential areas such as patios, walk ways, pool decks, driveways, and interior basement rooms, bath rooms and kitchens. It re-surfaces and restores all concrete surfaces with one simple application.
